There has been a transformational change in teaching-learning pedagogies, with an increased emphasis on Outcome-Based Education. Under the NEP-2020, educational institutions need to develop a learner-centered approach that focuses on what student should be able to do in the real world upon completion of their courses. Keeping this in view Internal Quality Assurance Cell (IQAC), at Nirwan University has organized a workshop on “**Outcome-Based Education (OBE)**” on March 23<sup>rd</sup>, 2024. The resource person was Prof. (Dr.) Animesh Singh and the event was coordinated by Prof. (Dr.) Aparna Dixit, Director IQAC, Nirwan University, Jaipur. Prof. (Dr.) Animesh Singh is working as a professor of international Business, at Amity University, Noida, Uttar Pradesh. He is having 16 years of teaching International Business, Marketing, and Business Ethics & Human Value courses and 5 years of Industry (Sales & Business Development) experience in various industries including FMCG, e-commerce concept selling, and Advertising. He is expertise in

understanding the business environment and hands-on experience in managing a sales team, managing and evaluating distribution channels, client servicing and corporate communication, administration & FMCG Sales.

The speakers emphasized the importance of restructuring our curriculum in such a manner that it Improves knowledge along with skill assuring employability to young graduates of any discipline. This workshop primarily aims to equip faculty with the necessary skills for defining the intended learning outcomes for students and structuring the educational process to attain these objectives. Student learning outcomes serve as the fundamental criteria guiding curriculum development or revision, the selection of instructional materials, the adoption of teaching methods, and the conduct of evaluations. The main objective of the workshop is to have sessions on effective implementation of OBE from several perspectives.

Professor Singh said that teaching and learning methodologies have undergone a significant transformation, with a growing emphasis on Outcome-Based Education. The National Education Policy of 2020 requires educational institutions to adopt a learner-centered approach that emphasizes what students should be capable of in the practical world once they finish their courses. He had interactive sessions with the faculty on course outcomes and mapping to create an experience for all the participants. He also has given effective ideas for setting up quality benchmarks for academic and administrative activities. He suggested the faculty to be more self-conscious about quality education and research, and continuously involved in its improvement by self-competition and teamwork.

The workshop ended with an interactive session where questions were raised and answered. In general, the faculty members appreciated the workshop and became knowledgeable about the Accreditation and OBE. The workshop concluded with a Vote of Thanks by Dr. P. Raghav, Registrar, Nirwan University.
